

# Manistee River Currents

From The Banks At Chippewa Landing

## Newsletter #26

What a perfect summer we are having at Chippewa Landing. The weather has been great for tubing, kayaking, overnight canoe trips, and just plain swimming out front. My regulars can't remember a nicer summer, and we have added a lot of new camping groups this year that have are now hooked on the river. You can't find a better place to cool off on those hot summer days, or to enjoy some quiet time away from the crowds, then the Manistee River.

The fishing has been great but we seem to be competing with a couple of eagles this year. They have no problem letting a canoe get close enough for a great look at them, and sometimes it seems like they are showing off their catch that's dangling from their talons.

Remember the fall months; September and October are wonderful times to enjoy the river. Just call we will get you floating down the Manistee River. And we usually have plenty of room for camping at both campgrounds. At Chippewa Landing or Oak Grove Camp that's right off the ATV trails, the North County Hiking Trail, and neighbors to miles and miles of state land for hunting.

And "thank-you" to all the groups, large and small, that we have hosted this year.
